Flying Higher 2021

What is Flying Higher?

FLYING HIGHER is a nature-based ecology camp that gets children out in nature -- and in the water -- to discover the great diversity of life. Participants will learn scientific field biology skills all while having fun and exploring nature. Be prepared to get dirty!

Why Come to Flying Higher?

Because it’s a blast!!! We do fun hands-on activities like seining and dip netting in the river, aerial netting for insects, hiking, bird-watching, — all to help us explore nature and learn more about where we live. We get wet, sandy, and even muddy! Every year, we have a different topic of focus for our activities, so campers can learn something new every year!

When & Where is Flying Higher?

FLYING HIGHER will run Tuesday –Thursday, July 13-15, 2021 from 8:30 am– 3:30 pm each day at Audubon’s Rowe Sanctuary near Gibbon, Nebraska. Campers must bring a sack lunch and a mask each day.
